

# Shasta Well worksheet

Use one sheet for the same job. Keep exclusions beside the price.

## 1. Gather the details

- ☐ Property ZIP and actual locality within Redding or Shasta County
- ☐ Water symptom, when it began and any recent changes
- ☐ Available well log, pump, tank and service records
- ☐ Known well location, driveway access and gate restrictions
- ☐ Diagnostic or replacement preference and household access constraints

## 2. Compare two written proposals

| Question to confirm                                                           | Quote A / business | Quote B / business |
|-------------------------------------------------------------------------------|--------------------|--------------------|
| <b>Diagnosis</b><br>What assessment and findings are included?                |                    |                    |
| <b>Equipment</b><br>Which exact pump, tank or controls are proposed?          |                    |                    |
| <b>Related work</b><br>Are wiring, pipe and other system items included?      |                    |                    |
| <b>Access and charges</b><br>What travel and lifting or access charges apply? |                    |                    |
| <b>Handover</b><br>What completed-work and warranty records are supplied?     |                    |                    |
| <b>Total + exclusions / extra charges</b>                                     |                    |                    |
